PROFILE

B.Tech AI and Data Science student with communication skills and a keen interest in client interaction and problem-solving. Experienced in handling team coordination, event management, and public speaking through club leadership. Comfortable with night shifts, adaptable to fast-paced environments, and currently building skills in customer support, voice process handling, and professional communication.

WORK EXPERIENCE

Secretary - MAD Club

2025 - APRIL

Easa College of Engineering and Technology

Successfully organized Hackastrom 2K25, a college-level tech innovation and hackathon event with student teams solving real-world problems.

- Led planning, promotion, and coordination with participants, judges, and faculty.
- Strengthened public speaking, time management, and event communication skills through hosting and team leadership.

Lovely Cards Private Limited

2025 - JAN-FEB

Graphic Design Intern

- Worked with a crew of students on 3 real-time projects, connecting with customers during the internship period. Gained hands-on experience in graphic design software and web design
- Created promotional materials and digital assets for print and web campaigns.
- Worked on branding, layout designs, and typography.

Creative Coordinator - MAD Club

2024 - NOV

Easa College of Engineering and Technology

- Conceptualized and designed the Logo Design Contest: LIFE@EASA, promoting storytelling through visual design.
- Developed digital posters, coordinated event logistics, and managed student engagement.
